TRAINING FOR ONBOARD TRAINER

INTRODUCTION

On-board training is a vital component of competency development for seafarers.

The Training for Onboard Trainers course has been designed to develop the training and assessment skills of senior management on board. The course, intends to train the participants for identifying the training needs of their subordinates so as to bridge the gap between desired and existing competencies of members onboard. Further they are trained about using appropriate training methods and resources available on board.

The STCW 2010 Code and the ISM Code recognizes the value of such training and have placed the responsibility of conducting such training on the Management Level staff on board.

OBJECTIVE

Upon completion of this course the participant will be able to:

1. Identify the training needs onboard, using various ways and means.
2. Recognize suitable training methods to bridge the performance gap of the subordinates.
3. Conduct, monitor, evaluate and support training onboard.
