

TEACHERS' DAY CELEBRATION

The entire gamut of faculty came together at the Chhatarpur campus to celebrate Teachers' Day on 5th September. It was a wonderful event where cadets as well as teachers participated, learned and enjoyed at the same time.

The celebrations began in the afternoon with the arrival of our esteemed guests from all the branches. Refreshments and lunch were served which was followed by an interesting game which proved to be a very good learning experience for everyone. The game, even though it was named 'the snake

trail', had nothing to do with any member of the reptile family. Instead it was a very enriching experience where we understood the importance of strategising, trusting our team members and good communication. It reminded us that the learning process never stops, especially for a teacher, who is constantly learning and evolving throughout his life. It also brought to the fore another very significant aspect of a teacher's life, that every student is unique in his own way and as teachers we must strive to bring out the best in them while respecting and nurturing their individuality.

Teachers are known for being proficient in their respective fields but we got to know that our teachers are not just well versed in their own subjects but their knowledge about bollywood is incredible too. It was a refreshing change to see our teachers imitate "Gabbar Singh and 'Chulbul Dabangg Pandey' instead of explaining complex equations in the Bollywood Quiz that followed.

Any Teachers' Day celebrations would be incomplete without students talking about their favourite teachers and showing their love and respect for them. The cadets regaled the teachers with a group song, skit and dance. It was a wonderfully orchestrated display of talents that the students presented and the teachers enjoyed every moment of it.

The day's programme ended with distribution of gifts as a token of appreciation to the teachers for their invaluable service to the institute. It was a wonderful occasion where students and teachers came together to celebrate the significance of having good mentors. Everyone present had a very enjoyable time and the day ended with nostalgic recollections of teachers who had left an indelible mark on our lives.
